Our ophthalmic surgical drapes are manufactured to the highest standards using latex-free materials. The matte finish on the drapes produces little glare during surgery, while the adhesive reliably secures the drape to the patient's skin. The free-flowing design allows the drape to contour to the patient's form, allowing for an easier surgical process.

Ophthalmic Aperture Pouch

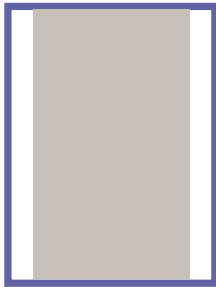

PRODUCT NO	DESCRIPTION	SIZE	TYPE
QDR1024A	Aperture Pouch	48cm X 38cm	Aperture 5cm X 3cm

Ophthalmic Incise Pouch

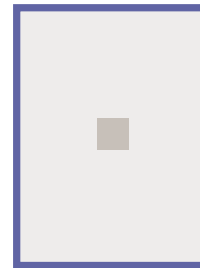

PRODUCT NO	DESCRIPTION	SIZE	TYPE
