Ophthalmic Surgery Drapes

Patient drapes specifically designed for ophthalmic procedures

Our ophthalmic surgical drapes are manufactured to the highest standards using latex-free materials. The matte finish on the drapes produces little glare during surgery, while the adhesive reliably secures the drape to the patient's skin. The free-flowing design allows the drape to contour to the patient's form, allowing for an easier surgical process.

PRODUCT NO	DESCRIPTION	SIZE	TYPE
QDR1020	Full Plastic Drape	40cm X 40cm	Aperture 6cm Dia.
